

Dear Friends,

Every year, WAGAN Tech brings innovative high tech products to the hardware/automotive market. This year, we are proud to launch the new WAGAN Tech Elite Line of pure sine inverters and our Solar e Series™ solutions!

Renewable energy sector has grown exponentially in recent years WAGAN Tech has added Elite Pure Sine Wave inverters with a new design that users would actually want to show off. Elite pure sine inverters offer clean energy that allows the users to run electronically sensitive devices even more efficiently than before.

We have also expanded our Solar e Panel™ line to range from 12 watts up to 120 watts of solar panels for a variety of uses in the home and during emergency situations.

We are continually developing new products to keep daily life accessible and comfortable in any situation. This year at the 2010 National Hardware Show we will be showcasing our hottest products improved with another year's ingenuity. Don't miss out!

Come visit us at **Central Hall: Booth #2421 at the Las Vegas Convention Center!** We look forward to seeing you there!

Sincerely Yours,

Vice President of Sales
